# GO ECO WITH FARE Ökobrella Range

Take environmental responsibility  
into your own hands

Plastic waste is collected,  
cleaned ...

...and made into  
granules.

Then heated and  
melted to create  
a polyester fibre...

...that can be woven  
into material to  
cover our ÖkoBrella!

Truly  
Sustainable!

**FARE 9158**

- bamboo handle with black push-button
- **6** canopy colour options

**Diameter:** 98cm**Closed Length:** 28cm**Number of Panels:** 8**Handle:** Bamboo

# All of our ÖkoBrella umbrellas are made using a process called waterSAVE

water**SAVE**

The typical dyeing process for woven fabrics requires large quantities of fresh water, chemicals and energy as this new process is a 'dry' process, there are no purifications and treatment of water beforehand at all, saving a lot of energy and resources

+ REDUCING CO<sub>2</sub>  
EMISSIONS  
BY MORE THAN

**60%**

+ REDUCING  
ENERGY CONSUMPTION
