Cottover is certified with well recognised labels that all strive to improve the environment, ensure fair trade and fight poverty. These third party certifications allow customers to easily make an active choice with minimum impact on our environment.

Cotton which is grown organically from non genetically modified plants and without the use of any synthetic agricultural chemicals such as fertilisers or pesticides. Decreases allergic reactions as the skin breaths.

A process where pigment is added into the fiber itself. This significantly reduced the amount of water and chemical use in production. In addition, this environmentally friendly technique ensures better colour depth and colour fastness.

Oeko-Tex standard 100 means that environmental consideration is taken during the manufacturing process and that the garments do not contain any harmful substances. More about Oeko-Tex can be found on [www.oeko-tex.com](http://www.oeko-tex.com)

These items have been manufactured using recycled PES, meaning less plastic waste is reaching landfill, resulting in a more positive impact on our land and sea.

We believe in quality. Why? Because it is still the best way to ensure sustainable products for everyone. We are therefore very proud to present our brand new, bi-colour collection: Printer Prime.

# CORPORATE SOCIAL RESPONSIBILITY

# cottover®

people & planet

Cottover is manufactured in order to meet the social and environmental challenges that exist in the entire production chain, from raw material to the ready-made garment.

Cottover is certified with well recognized labels that all strive to improve the environment, ensure fair trade and fight poverty. When you choose something from our Cottover collection, the third-party certifications guarantee that we meet the highest requirements when it comes to environment, health and quality on both producers and ready products.

## THIRD PARTY CERTIFICATIONS

Fairtrade is an international standard which certifies the cotton in the garment and fights poverty for cotton farmers by securing fair trade. The cotton farmer is guaranteed a minimum price to cover the cost for a sustainable production. That is the reason why Cottover use Fairtrade certified cotton.

The Nordic Ecolabel sets high demands throughout the life cycle and is operated on assignment by the Swedish government. The Nordic Ecolabel certifies the product taking the environmental impact under consideration, from the raw material to the ready product. The Nordic Ecolabel also sets demands on the working conditions according to ILO's conventional core.

GOTS is an international standard for clothes and textile. GOTS products always contain organic cotton and recycled polyester. GOTS sets high standards regarding fabric, quality, environment and social responsibility. Apart from this, GOTS also guarantees full traceability throughout the production chain.

Oeko-Tex is a symbol that shows that the ready garment doesn't contain harmful chemicals. It guarantees that the product is REACH compliant and meet the standards covered by the European Union's chemical regulation.

***“THE CLOTHES AGAINST YOUR SKIN  
DEFINES WHO YOU ARE AND BY CHOOSING  
PRODUCTS WITH CARE YOU CAN IMPACT  
ON LABOUR CONDITIONS FOR WORKERS  
AND THE ENVIRONMENT.***

***IT 'S NOT ONLY OUR PRODUCTS  
THAT MAKES A DIFFERENCE. WE  
ARE ALSO INVOLVED IN MANY  
PROJECTS AIMED MAKING  
THE WORLD A BETTER  
PLACE”***

***THE STATEMENT  
IS YOURS TO MAKE***

## 85000 RECYCLED COTTON SHOPPER

5oz Cotton shopper bag consisting of a recycled cotton polyester blend which is manufactured from pre-consumer waste generated by textile factories during the cutting process. Materials of similar colour are blended together meaning no additional dyeing is required. This bag has all the fantastic features of the best-selling natural cotton shopper but has the wonderful addition of GRS Certification so you can help save the planet and promote your business at the same time. It has a large print area to both sides of the bag and can take multiple spot colour prints and transfers too. The bag will make a perfect tool for promotion across multiple industries and has very versatile usage. Please note, due to the nature of recycled cotton, there may be a very slight colour variation from bag to bag.

**WEIGHT:** 5oz, **MATERIAL:** 80% Cotton, 20% Polyester  
**WIDTH:** 380mm, **HEIGHT:** 420mm  
**PRINT AREA:** 280 x 280mm (Spot Colours)
